Ypsilanti High School . . .

Lamps have both a literal and symbolic meaning! Literally, they are lights by which we see in time of darkness. Symbolically, they represent Enlightenment, Visibility, and Illumination. Without them man would be constantly searching in the dark. Lights are not extras, but they are necessities of life. Education too is a practical necessity of life. Just as lights represent Enlightenment, Visibility, and Illumination, so does education. In 1915, Ypsilanti High School served as a light for students who entered its doors. The old lamp is its symbol. In 1965 Ypsilanti High School continues to light the way—the new lamp is its symbol. Looking at the schools and the lamps, one sees mere symbols. For the real test of enlightenment in any institution of learning is the final product—the individuals who are educated there. The task at hand for Ypsilanti High School is to be the New Light for students who must take their place in 20th Century America.

Student Council:

The Student Council has worked more diligently than ever to make this year the best possible for our school. The year began with Sophomore Orientation. Although it rained, the annual Homecoming festivities, entitled "TV Commercials," were a great success. A new committee system, involving students from the student body as members in addition to Council members, was put into effect. In addition, the Council held a Leadership Training Workshop, a College Night and a Carnival. Our Council also initiated and executed the idea of the First Annual Ypsilanti Teen Festival.

With Mrs. Horst advising, the Debate team had a very successful year. The topic for debate was resolved: that the Federal government should adopt a program of compulsory arbitration in labor-management disputes in basic industries.

The purpose of the Science Club is to stimulate interest in science. The club constructed a telescope and took several field trips.

President Chuck Jones and the Auto-Medics built a sports modified drag with an engine suited for racing on sanction drag strips. The goals of the club are to promote safety and hobby work on cars and to learn proper procedures.

Class of 1968

The sophomore class started off its round of activities with the Sophomore Orientation. Class elections were held at the beginning of the year. The sophomores were honored by the seniors and juniors at the Sophomore Reception. Working hard on their float entry, skating at Recreation Park followed by dancing, selling candy for a money-making project and a picnic in the spring found the sophomores actively demonstrating their school spirit.
